

# 2009 ANNUAL REVIEW

## Contributions • Grants • Corporate Partners • Industry Involvement • Chapter Champions

This section recognizes the many individuals, corporations, foundations and other organizations whose partnership makes the continued success of The First Tee possible. The First Tee is grateful to receive widespread support from those in the golf industry and beyond who share The First Tee's passion for building positive character traits in young people through seamless golf and life skills instruction.

Dear Friend:

In twelve short years, The First Tee has evolved into an international youth development program reaching more than 3.5 million young people, not only at golf courses and driving ranges, but in schools, parks, community and youth centers. The incredible impact The First Tee has had would not be possible without your extraordinary investment.

Your funds directly support the work of our Chapters and schools, facilitate the development and enhancement of curricula and allow us to educate and train the adults involved with our program - board members, coaches, executives, volunteers and teachers. Maintaining the quality of the experience that each young person receives at our programs is essential in sustaining our impact.

The independent, longitudinal research conducted on the Life Skills Experience attests that the impact our programs have on young people is substantial. Young people are not only learning and using life skills on the golf course, but more importantly, they are also transferring these skills to school (e.g., setting goals to get better grades) and other areas of their lives. One of the participants corroborated this research when he said, "The First Tee has given me the skills and values to become a more successful leader."

It is because of these findings that we want to extend our reach to more young people in more communities - through our Chapter network, schools and partnerships with youth development organizations. As we enter the next phase of activities, we intend to bring the game of golf, its positive values and the Life Skills Experience to over 10 million young people. It's an ambitious goal, but one we can accomplish with your help.

We appreciate the confidence you have already shown in the work of The First Tee, and ask that you continue to invest in our young people, and their future, by supporting us today.

With deepest gratitude,

A handwritten signature in black ink, appearing to read "Joe Louis Barrow, Jr.", written in a cursive style.

*“PricewaterhouseCoopers is proud to positively impact the lives of young people through our ongoing relationship with The First Tee. Many of the values that The First Tee teaches are the same values that we embrace as a Firm. At PricewaterhouseCoopers, we believe that the lessons of golf are the lessons of life -- and this belief is at the core of The First Tee's mission. We look forward to our continued collaboration for the benefit of today's youth.”*

• Dennis Nally, PricewaterhouseCoopers

**2009 GRANTS**

The First Tee is committed to helping Chapters successfully impact the lives of young people in their communities. Funds raised are funneled back to the network through grants that offset the cost of capital improvements, operating expenses, technology, golf equipment and more. In 2009, the following 34 Chapters received over \$425,000 from the home office. An additional \$385,156 provided instruction and training stipends to Chapter staff and supported participation in the Walmart First Tee Open at Pebble Beach. In total, the home office awarded Chapters nearly \$797,531.

The First Tee of The Children's Course

*"Not every child gets the kind of grounding and positive reinforcement at home and school that I was fortunate to receive. That is why programs like The First Tee are so important to the development of the next generation. When Barbara and I created an endowment fund, we chose The First Tee as the avenue to direct those funds so that they might reach and impact as many young lives as possible, because we knew The First Tee makes a difference."*

– Jack Nicklaus, Trustee

## CHAPTER CHAMPIONS

Each Chapter of The First Tee is an individual 501(c)3 responsible for its own fundraising. The Chapters depend on the generosity of corporations, individuals and organizations to support the program and fulfill our mission of impacting the lives of young people. Chapter Champions are donors who contributed a cash donation of \$1,000 or more to a Chapter in 2009.
